

Winter Holidays for Children

16-22 FEBRUARY 2026

During the school holidays, Esperanza Lake Resort becomes a magical winter playground for our youngest guests. Children can enjoy engaging cooking masterclasses, experience the excitement of winter fishing on the frozen lake, go ice skating, and take joyful sledding rides through the forest and along the lake.

Our children's animation programs ensure fun, creativity, and unforgettable moments every day. While children are happily entertained, parents can truly relax, knowing their little ones are surrounded by care, nature, and inspiring experiences.
